

Veterans Leadership Forum

presented by Honoring America's Veterans

Honoring America's Veterans (501c3) hosts an inaugural "Veterans Leadership Forum" breakfast on Thursday, June 16. Forum attendees will hear stories from senior leaders who are veterans themselves and are putting their military leadership skills into practice to impact our community.

Honoring America's Veteran's mission is to support our nation's military veterans by hosting recognition events that build a spirit of camaraderie in their local communities. HAV has seen firsthand how "gratitude" programs help our veterans heal. Their premier event is the Phoenix Veterans Day Parade, which is made possible through community donations.
