

Commemorating Pearl Harbor Day

Our Event: Honoring America's Veterans is proud to present the Commemorating Pearl Harbor Day Ceremony. This tradition is one that is sure to touch the hearts of those who understand the sacrifices our military and veterans make in defending our freedoms. We commemorate the anniversary of December 7, 1941, when the Japanese bombed our ships and fields at Naval Base Pearl Harbor, Hawaii. On that day 2,403 people were killed, 21 ships were damaged or sunk including the USS Arizona, and the U.S. lost 347 aircraft. In 2022, the Arizona Department of Veterans Services asked Honoring America's Veterans to manage the Pearl Harbor Day Event. This event pays tribute by commemorating the anniversary of Pearl Harbor Day and its significance. The event is held outdoors at Wesley Bolin Plaza and includes a military themed event and wreath presentations. We need your donations to help us provide the necessary materials to support this commemoration.

Who are we: Honoring America's Veterans salutes our veterans and their loved ones by thanking them, honoring them, and recognizing them for their service and patriotism to our country. Our veterans tell us the gratitude from the community and from our events can help them heal. That is why our nonprofit exists: to ensure we support our veterans by hosting patriotic events that show our gratitude. Your support can mean the world to the more than 600,000 veterans who call Arizona home. A partnership with Honoring Americas Veterans provides the unique opportunity to increase your business exposure within the Greater Phoenix area community, build brand awareness, and show your company's support of a fundamental cause: our veterans.

We hope you will help us support them by partnering with us.
